Work Experience

Full Stack Developer - Avenue 4 Communications, Winnipeg Canada   2021 - 2023

- Revamped the front-end interface of the client's Business Process Management System (BPMS) by leveraging modern CSS and JS frameworks like **Tailwind CSS** and **Vue.js**, resulting in responsive mobile design and a 20% increase in SEO performance

- Transformed client's BPMS by rewriting existing **Spring Boot** back-end logic with **Laravel** Framework, leading to a 40% increase in user engagement and a 25% decrease in reported user errors

- Successfully recreated the user interface in response to the client's request, utilizing **Adobe XD** and **Figma** to create wireframes and mockups, resulting in the accurate capture of all client requirements and maintaining project progress

- Redesigned and migrated client's Oracle Database to **MariaDB** as part of website overhaul, seamlessly incorporating new tables to automate business processes. Improved system efficiency and functionality

- Enhanced application functionality by integrating third-party APIs, such as the **Google Maps Distance Matrix API**, enabling dynamic distance calculations. This collaboration improved user experience and expanded application capabilities

- Documented technical specifications and code changes, using **Confluence** and **Jira**, fostering efficient knowledge transfer and maintaining a structured, easily understandable codebase

- Implemented **PHPUnit** testing framework to create and execute comprehensive unit tests, ensuring code integrity and functionality for critical project segments, resulting in improved code stability, reduced bugs, and enhanced user experience

Boatswain's Mate/ Interpreter - Republic of Korea Navy, South Korea   2018 - 2020

- Completed military service, executing diverse responsibilities with discipline and teamwork

Junior Digital Account Manager - Mozo.com.au, Sydney Australia   2016 - 2018

- Provided clients with customized **Tableau** reports and dashboards summarizing performance data, leading to a 20% increase in client understanding and decision-making capabilities

- Managed communication with 200+ clients industry, ensuring seamless campaign execution and issue resolution, resulting in a 15% decrease in escalations and a 25% increase in client satisfaction
